JX20 PURA

DATASHEET

WHERE POWER MEETS ELEGANCE.

REASONS TO CHOOSE THE JX20 PURA

- Up to 33 foot range
- Up to 6 hours talk time and 200 hours stand by
- Exclusive Scandinavian design
- Auto pairing with your phone
- Digital sound enhancement via DSP technology
- Distinctive style with genuine anodized titanium

Stylish design
This exclusive Scandinavian design has sleek lines, strict symmetry and the striking contrast of materials to create a truly elegant headset. The body of brushed anodized titanium is offset by a deep-black, high-gloss trim. The resulting Jabra JX20 Pura is easy-to-wear and embodies luxury and mobility, class and convenience.

Compact design
The small, light-weight headset can be compared in convenience, portability and comfort to a designer wrist-watch. In fact, the Jabra JX20 Pura weighs less than half an ounce. The ear-piece maximizes comfort and conveniently rotates to switch the device on and off, preserving the integrity of the design. Recognizing that one size does not fit all, the ear-hook is offered in two sizes along with ear-gel choices, empowering each user to select the most comfortable fit.

Intelligent design
As for sound quality, the crystal-clear sound created by Digital Sound Processing technology replicates a face-to-face conversation. The intelligent volume control automatically adjusts to ensure that the volume is always comfortable, no matter how loudly or softly the person on the other end is speaking.

Charging indicator light
All five LEDS are lit when fully charged

Quick start guide

Charge your Jabra JX20
- Charge headset in deskstand until all five LED's are lit. (Figure 8)

First time pairing
- Turn headset on (twist earpiece 90 degrees) and it automatically goes into pairing mode. (Figure 4)
- Set your mobile phone to 'discover a Bluetooth device' (see your phone user guide).
- Press Yes or OK when asked if you want to pair the phone with the Jabra JX20 Pura.
- Enter passkey or PIN = 0000 (4 zeros), then press Yes or OK.
- Your phone will confirm when pairing is complete.

Later pairing
- Turn headset on then press and hold the answer/end button until the LED on the headset shines continuously.

Making a call
- When you make a call from your mobile phone, the call will automatically transfer to your headset. If your phone does not support this setting, just tap the answer/end button to transfer the call to the headset.

Answering and ending a call
- Tap the answer/end button on your headset to answer a call. To end your call, just tap the answer/end button again. (Figure 3)

Turn headset on and off
- Turn earpiece 90 degrees. (Figure 4)

Last number redial
- Press the answer/end button for 1 second to redial the most recent number dialed.
